Bainbridge Island Sportsmen's Club Members:

Another year has flown by, and it's time to renew your membership with the Bainbridge Island Sportsmen's Club. Your membership is the backbone and lifeline of the Sportsmen's Club, and your fellow members look forward to your continued support in 2010. Because of you, our Club is growing and thriving.

This past year has seen far-reaching changes and improvements that have touched every aspect of the Sportsmen's Club. The Pistol Range has undergone significant renovation and will be open very soon (watch for the announcement!) We thank you for your patience during the closure, but you can be assured that it is worth the wait. If you haven't seen your new Pistol Range, please stop by and admire the work the dedicated Sportsmen's Club team has accomplished.

The Bainbridge Island Sportsmen's Club is moving steadily into the future, while maintaining a solid anchor in its heritage and traditions. To help pay for improvements, the Club is actively fundraising on several fronts. This included the recent annual meeting raffle, a number of generous financial gifts, and a wide range of numerous grants for specific project.

The challenge we face in 2010 is covering costs associated with non-grant clubhouse improvements. Our new clubhouse heating system is up and running, a new ADA bathroom is under construction, the kitchen is being upgraded, and there are new windows, siding & gutters. In addition, the City of Bainbridge Island Historic Preservation Commission has included the entire Sportsmen's Club in its Register of Historic Places. Your membership and support is absolutely critical. Along with your membership, please consider sharing your skills to head up or volunteer for one or more of our several ongoing projects.

Are you interested in helping the Sportsmen's Club grow into its potential as an all-island resource? The Club is currently recruiting for 2010 openings in both the Board of Trustees and several volunteer committees. Please contact any of the current Trustees if you'd like to step into this excellent opportunity to grow our club and be part of building our role in the community for the 21st Century.

Though Volunteering is recommended, especially among the active users of the club services, we recognize and appreciate those dedicated members who renew every year purely as an act of support for this non-profit community resource. If you are able, please consider an additional donation to toward completion of the various projects underway.

On behalf of the BISC Board of Directors, Many Thanks!

Debbie Cauthers
BISC Secretary/Treasurer, and Membership
